SKILLS

- HTML/CSS/JAVASCRIPT
- ORACLE SQL DEVELOPER
- C/C++/PYTHON
- LINUX
- Quartus

EDUCATION

- ICT ENGINEERING DEGREE

Sup'com

2023-present

First year rank :30/168

- PREPARATORY CYCLE DIPLOMA

IPEIN

2021/2023

National Entrance exams rank :101/1780

- MATHEMATICS BACCALAUREATE

Dar Chaabene Fehri high school

2020/2021

pass mark:good

LANGUAGES

- Arabic
- English
- French

PROFILE

As a first-year student at SUP'COM, I am passionate about technology and actively exploring the fields of web development and data science. With a keen interest in data analytics and artificial intelligence, I am dedicated to building a strong foundation in programming, data structures, and machine learning algorithms. I am enthusiastic about integrating and working in teams, collaborating on innovative projects that enhance my skills and contribute to technological advancements.

ACADEMIC PROJECTS

Creating and Manipulating an Airport Database with Oracle

- Designed and implemented an airport database using Oracle.
- Conducted data manipulation and management operations.
- Ensured data integrity and optimized database performance.

Developing an Arithmetic logic unit using Quartus

- Developed an Arithmetic Logic Unit (ALU) using Quartus.
- Implemented various arithmetic and logical operations.
- Tested and validated the functionality of the ALU

Making Portfolio Using Basic HTML/CSS/JavaScript

- Created a personal portfolio website using HTML, CSS, and JavaScript.
- Developed responsive web pages and user-friendly interfaces.
- Showcased projects and skills effectively through the portfolio.

Working with VHDL and Integrating Code in FPGA Cards

- Programmed and tested VHDL code for FPGA cards.
- Integrated and verified functionality in hardware.
- Applied knowledge of digital circuit design and simulation
